HOMECOMING

Celebrating 60 Years of Head & Neck Radiology

FROM THE President-Elect and Program Chair

In 1995, the ASHNR held its annual meeting in Pittsburgh, Pennsylvania. Thirty years later, it's time for a Homecoming. It is my pleasure to welcome you to the 60th Annual Meeting of the American Society of Head and Neck Radiology at the Wyndham Downtown Pittsburgh, September 23 – 27, 2026.

As always, the ASHNR will feature the most talented teachers that head and neck radiology has to offer. From well-known leaders to up-and-coming talents, all 5 days are packed with educational material. There are sessions to review the underlying anatomy, examples of common and uncommon pathology, and advanced lectures on cutting-edge techniques and research.

We continue our wonderful collaboration with our friends in the European Society of Head and Neck Radiology, with crossover session featuring the best and brightest speakers from both organizations speaking back to back. Building on the success of last year's ultrasound practicum, we will once again invite ultrasound vendors and needle manufacturers to teach us how to safely and effectively perform biopsies in the neck and skull base. We also continue our popular teaching sessions that encourage the audience to review an entire study and come to their own conclusions before reviewing it with the experts.

Examples of rare diseases (excerpta extraordinaire) and scientific presentations will be woven into each session between the major lectures. And we have a new type of session! "Head to Head" sessions begin with images from two different patients who have two different diseases that look similar radiologically. It's up to you to figure out what's different in the images and make both diagnoses correctly. As always, be on the lookout for our Case of the Day quiz. If you get the diagnoses right, you might win a prize!

We will also have a full social calendar, to warm you up for each day's learning and to spend the evenings with friends. Be preapred for yoga classes, the annual Fun Run, River Walks, and a trip up Pittsburgh's famous inclines. Friday afternoon is reserved for you to spend some time in Pittsburgh's fall foliage, with a trip to Frank Llyod Wright's architectural masterpiece, "Fallingwater," a walking tour of local markets, or a visit to one of Pittsburgh's numerous famous museums. And what would the ASHNR meeting be without the world-famous Game Show? This year's theme is medieval – I'll be waiting with a sword to punish any wrong answers.

So come on back to Pittsburgh; even if you've never been here, it will feel like coming home.

Barton F. Branstetter IV, MD, FACR, FSIIM
ASHNR26 Program Chair / ASHNR President Elect
Professor of Radiology, Otolaryngology, and Biomedical Informatics
University of Pittsburgh

Target Audience

- General radiologists seeking to refresh and improve their understanding and skills in H&N image interpretation.
- Emergency/on-call radiologists who want to be more confident on head and neck cases.
- Neuroradiologists who wish to review and update their knowledge of H&N imaging as well as state of the art diagnosis and treatment of H&N pathology.
- Neuroradiology fellows and radiology residents wishing to learn the basics and move to the next level in their H&N knowledge.
- Medical students and trainees considering a career in radiology or in H&N surgical or oncological fields.
- Interventional radiologists who wish to expand their knowledge and hands-on experience with ultrasound guided procedures.
- Non-radiologists, including otorhinolaryngologists, head and neck surgeons, medical and radiation oncologists, general surgeons, nurse practitioners, physician assistants and allied professionals in-training who are interested in H&N imaging and H&N cancer therapy and diagnosis.

Accreditation

Physicians: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Educational Symposia and American Society of Head & Neck Radiology. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 23.0 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ADA COMPLIANCE: Educational Symposia (ESI) and the American Society of Head & Neck Radiology (ASHNR) wish to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids and services. If you need any auxiliary aids or services identified in the Americans with Disabilities Act, please contact ESI at (813) 806-1000.

DISCLAIMER: Educational Symposia (ESI) as planner and presenter of this meeting, and Professional Travel as the official travel agency for this meeting, claim no liability for the acts of any suppliers or the safety of any attendees while in transit to, from, or during this event or any optional activities. The total amount of liability, if any, for the meeting organizer is limited to a refund of the registration fee, and Professional Travel's responsibility is limited to that of an agent.

Educational Objectives

Attendees should, at the completion of this meeting, be able to:

- Demonstrate increased knowledge of the different head and neck spaces and their related pathology.
- Identify normal anatomy and spectrum of benign and malignant pathology affecting cervical lymph nodes.
- Become familiar with normal anatomy, developmental anomalies, and different disease processes of the paranasal sinuses, nasal cavity, and skull base.
- Identify temporal bone anatomy and develop a diagnostic approach to the spectrum of disease processes related to different types of hearing loss, tinnitus, and otalgia.
- Review the essentials of H&N cancer imaging, including staging and staging updates, state-of-the-art clinical tools for diagnosis and management, and post-treatment surveillance.
- Demonstrate increased knowledge of advanced imaging techniques for the H&N, and particularly for cancer imaging and early detection of recurrence.
- Become familiar with applied anatomy and disease processes of the orbit and visual pathways.
- Review anatomy and spectrum of pathology of the cranial nerves and sympathetic plexus through their most common clinical presentations.
- Become more confident with defining your career pathway, whether it be in private practice or academics.
- Meet, get to know, and learn from expert H&N radiologists and novices who want to share their interest in H&N imaging and improving patient care.
- Improve your skills at ultrasound-guided biopsy in the H&N.

No special educational preparation is required for this CME activity.

Interactive Case-Based Review Workshop

The Round Table: A Case-Based Review of Critical Head and Neck Topics

Thursday, September 24, 2026
3:00 PM - 5:00 PM

Don't Settle for a Single Image!

In this workshop, you will be presented with complete cross-sectional scans to review on your own laptop or tablet. Then the experts will guide you through the cases. Did you make all the findings? Did you come to the correct diagnosis? Discuss the findings with the faculty and with your colleagues.

Pre-Registration is Required

This parallel session is intended for members in training, early career and anyone interested in interactive case based reviews.

Young Professional Mentorship Roundtable♦

Friday, September 25, 2026
12:05 PM - 1:05 PM

Members-in-Training and Junior Faculty are invited to attend the Mentorship Reception being held at noon on Friday, September 25, 2026. This reception will provide the opportunity for trainees to connect with ASHNR faculty and develop relationships with our outstanding mentors.

Pre-Registration is Required

Hands-on US Workshop♦

Saturday, September 26, 2026
1:00 PM - 3:00 PM

Last year's inaugural ultrasound workshop was a resounding (get it?) success. So we are doing it again this year, with ultrasound and needle vendors coming to show attendees the best techniques for sonographically-guided biopsies of the head and neck. Practice techniques under the watchful eye of experts on realistic head and neck phantoms. Review the indications for molecular testing and perform scans on live volunteers.

Forging Connections in Pittsburgh

A Guided Group Journey,
An Evening at the ASHNR Gala
& Local Sights!

Visit Fallingwater

Friday, September 25, 2026
11:30 AM - 5:00 PM

Frank Lloyd Wright's Fallingwater is a hallmark of his organic architecture, uniting design and nature. Built above a waterfall, it blends seamlessly with its surroundings. A UNESCO World Heritage Site, it remains one of the most iconic homes in the U.S.

Gala Celebration

Dancing with the Dinosaurs

Join us Saturday evening, September 26, 2026, for our gala celebration, with dinner and dancing in the grand concert hall of Pittsburgh's famed Natural History Museum. This is an opportunity to connect with members of the ASHNR faculty and develop relationships with potential mentors in head and neck radiology.

The Andy Warhol Museum

The iconic modern artist Andy Warhol was a Pittsburgher, and the unique museum devoted to his work is on the North Side. It is a fascinating tour through his entire career.

Phipps Conservatory and Botanical Gardens

The premier indoor botanical garden in the USA is Phipps. It has recently undergone a major renovation, with a beautiful new façade. Each room is full of plants from a different climate — even the model train room!

Point State Park

Walk out the front door of the meeting hotel, and you are looking at Point State Park. In addition to the iconic Point Fountain, you can tour the remains of Fort Duquesne and Fort Pitt to learn more about the American-Indian War. It's also a pleasant place for a morning walk or run.

9:00	**Registration Opens**
10:00 – 10:25	**Welcome and Opening Remarks** *Barton F. Branstetter, IV, M.D., FACR*

SESSION 1: Cuirass (The Core Lectures)

Moderators: Keerthi Arani, M.D. / Sugoto Mukherjee, M.D.

10:25 – 10:45	Anatomy of the Orbit & Cavernous Sinuses *Hugh D. Curtin, M.D., FACR*
10:45 – 10:50	ASHNR-BSHNI Visiting Professorship *Ram Vaidhyanath, M.D.*
10:50 – 11:10	Anatomy of the Temporal Bone & Central Skull Base *Karen L. Salzman, M.D., FACR*
11:10 – 11:15	Excerpta Extraordinaire Case 1
11:15 – 11:35	Anatomy of the Larynx *Paul M. Bunch, M.D., MS*
11:35 – 11:40	Excerpta Extraordinaire Case 2
11:40 – 12:00 PM	Anatomy of the Sinuses *Soraya Robinson, M.D.*

12:00 – 1:00	**Lunch Begins**
12:30 – 1:00	**Lunch & Learn or Lunch On Own ♦**

SESSION 2: Gorget (The Neck Lectures) ♦

Moderators: Erin N. McComb, M.D. & Anil Vasireddi, M.D.

1:00 – 1:20	Mucosal Regions in the Head & Neck *Jaclyn Thiessen, M.D.*
1:20 – 1:25	Scientific Presentation 1
1:25 – 1:45	Fascia and Spaces in the Suprahyoid and Infrahyoid Neck *Ryan K. Rigsby, M.D.*
1:45 – 1:50	Scientific Presentation 2
1:50 – 2:10	Normal Structures That Mimic Neck Pathology *Deborah Shatzkes, M.D., FACR*
2:10 – 2:15	Scientific Presentation 3
2:15 – 2:35	Head to Head: Pediatric Neck Masses *Bernadette L. Koch, M.D.* *Joanne M. Rispoli, M.D.*
2:35 – 2:40	Scientific Presentation 4

2:40 – 3:10	**Coffee Break & Visit with Exhibitors**

Wednesday, September 23, 2026 (Continued)

SESSION 3: Twelve Chivalric Virtues (The Cranial Nerve Lectures)

Moderators: David R. DeLone, M.D., FACR & Jennifer L. Becker, M.D.

3:10 – 3:30	Upper Cranial Nerves *Alvand Hassankhani, M.D., FACR*
3:30 – 3:35	Scientific Presentation 5
3:35 – 3:55	Lower Cranial Nerves *Elizabeth George, MBBS*
3:55 – 4:00	Scientific Presentation 6
4:00 – 4:20	The Pterygopalatine Fossa and Other Crossroads *Surjith Vattoth, M.D.*
4:20 – 4:40	High-Resolution MRI of the Cranial Nerves *Ari M. Blitz, M.D.*
4:40 – 5:00	Head to Head: Cranial Nerves *Tanya J. Rath, M.D.* *Pattana Wangaryattawanich, M.D.*

5:00 – 5:05	**End of Day Comments** *Barton F. Branstetter, IV, M.D., FACR*
5:05 – 7:05	**Welcome Reception**

Thursday, September 24, 2026

6:00 AM	Fun Run
7:00 – 7:30	**Breakfast and Learn ♦** Sponsored by GE Healthcare
7:55 – 8:00	Opening Remarks *Barton F. Branstetter, IV, M.D., FACR*

SESSION 4: Gunneston (The Cancer Lectures)

Moderators: Jonathan Lee, M.D. & Benjamin R. Gray, M.D.

8:00 – 8:20	AJCC Version 9 *Christine M. Glastonbury, MBBS*
8:20 – 8:35	Imaging-Detected Extranodal Extension *Kristen Lloyd Baugnon, M.D.*
8:35 – 8:45	Core Curriculum Fund *Yoshimi Anzai, M.D., MPH*
8:45 – 9:00	NIRADS Update *Ashley Hawk Aiken, M.D.*
9:00 – 9:15	Head to Head: Benign or Malignant? *Kim O. Learned, M.D.* *Gopi K. Nayak, M.D.*

9:15 – 9:30	**Coffee Break & Visit with Exhibitors**

Thursday, September 24, 2026 (Continued)

SESSION 5: Embrasure (The Skull Base Lectures, in Collaboration with ESHNR)

Moderators: Darka Hadnadjev Šimonji, M.D. & Karuna V. Shekdar, M.D."

9:30 – 10:00	Pre-Op Imaging of the Skull Base: The Surgeon's Perspective *Carl H. Snyderman, M.D., MBA*
10:00 – 10:30	Pre-Op Imaging of the Skull Base: The Radiologist's Perspective *Alexandra Borges, M.D.*
10:30 – 11:00	Post-Op Imaging of the Skull Base: The Surgeon's Perspective *Paul A. Gardner, M.D.*
11:00 – 11:30	Post-Op Imaging of the Skull Base: The Radiologist's Perspective *Claudia F.E. Kirsch, M.D., FACR, FASFNR*
11:30 – 11:45	Panel Discussion with Online Questions *Sara Beth Strauss, M.D.*

11:45 – 12:00 PM	**ASHNR Business Meeting - Members Only ♦**
12:00 – 1:30 PM	**ASHNR Gold Medal Award Luncheon ♦** Pre-registration required. Society-funded member benefit—Register only if you are fully committed to attending.

SESSION 6: Great Helm (The Sinus Lectures)

Moderators: Bhagya Sannananja, M.D. & Momin Muzaffar, M.D.

1:30 – 1:50	Sinonasal Masses *Tabassum A. Kennedy, M.D.*
1:50 – 2:10	Sinuses and Nasal Cavity in Children *Asha Sarma, M.D.*
2:10 – 2:30	Fungal Sinusitis *Katie S. Traylor, D.O.*
2:30 – 2:50	Head to Head: Paranasal Sinuses and Nasal Cavity *Remy R. Lobo, M.D.* *Marion A. Hughes, M.D.*

2:50 – 3:00	**Coffee Break & Visit with Exhibitors**

Faculty & topics subject to change.
