49th Annual Meeting | American Society of Head & Neck Radiology

Comprehensive Head and Neck Imaging

September 9 - 13, 2015
Naples Grande Beach Resort
Naples, Florida

27.5 AMA PRA Category 1 Credit(s)™
Certain sessions of the meeting program will be submitted for SAM qualification.

Hands-on US and US-Guided Biopsy Seminar
Friday, September 11, 2015
Separate Registration Required
Registration is Limited to 20 Attendees Per Session.
Not accredited for AMA PRA Category 1 Credit(s)™

Call for Abstracts at www.ashnr.org • Deadline: July 16, 2015
From The Program Chair

On behalf of the American Society of Head & Neck Radiology, I want to personally invite you to join us in Naples, Florida for the ASHNR 49th Annual Meeting, “Comprehensive Head and Neck Imaging”. I am honored to be allowed to serve you as the ASHNR Program Chair this year, and it is my extreme pleasure to welcome you to Naples, Florida, September 9 -13, 2015.

This year’s meeting will cover all aspects of head and neck imaging. The meeting will be full of outstanding educational lectures. Speakers will provide content-rich, clinically relevant materials on head and neck anatomy and pathology, with sessions focusing on the cervical soft tissues, upper aerodigestive tract, skull base, cranial nerves, orbit, temporal bone, and the sinonasal region. There will also be sessions covering pediatric and traumatic imaging issues.

The meeting will begin with the Early Bird Temporal Bone Session on Wednesday morning, September 9. There will be 27.5 AMA PRA Category 1 Credit(s)TM total hours of CME available to you, and certain sessions of the meeting program will be submitted for SAM qualification. The William N. Hanafee, MD Research Grant Award presentations are on Wednesday afternoon. I hope these two presentations will inspire you to recognize the immense potential of this Grant to further head and neck imaging and convince you to contribute to the ASHNR Core Curriculum Fund to support future research in head and neck imaging. A highlight of the Annual Meeting, The Game Show, will be featured on Thursday afternoon, September 10.

Naples is a vibrant city on the west coast of Florida that is known for its amazing dining, shopping, calm seas, and some of the best beaches in the world. This is a small, but cosmopolitan city, where outside activities range from golf, to tennis, to fishing, and where there is close access to secluded islands and the Florida Everglades. The Naples Grande Beach Resort is a luxury resort with beautiful white sand beaches, home to world-class golf, a full-service spa, and exquisite dining options. This is a laid-back city in a casual state, so you can expect a relaxed environment for the resort and the meeting. Men, please do not bring a tie; women, please do not bring…whatever you think the female version of a tie is…

I sincerely hope that you will attend the ASHNR 49th Annual Meeting. If you are new to the Society, I would like to introduce you not only to the current leaders of head and neck imaging, but also the up-and-coming stars who will guide the future of this complex specialty.

Richard H. Wiggins, III, MD, CIIP, FSII
President-Elect and Program Chair
American Society of Head & Neck Radiology

Accreditation

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Educational Symposia and the American Society of Head & Neck Radiology. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 27.5 AMA PRA Category 1 Credit(s)TM, including 1.5 AMA PRA Category 1 Credit(s)TM for the Early Bird Temporal Bone Session. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Self-Assessment Modules (SAMs): Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

Technologists: This program has been submitted to the ASRT. The number of Category A CE credits will be available approximately 30 days prior to the meeting. Please visit ashnr.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Target Audience

- General radiologists seeking to improve their understanding and skills in head and neck imaging.
- Radiologists with an interest in head and neck imaging who wish to increase their knowledge of imaging and treatment of head and neck pathology.
- Dental and oral-maxillofacial practitioners with an interest in pathology and imaging of the jaws and adjacent soft tissues.
- Non-radiologists, including ENT physicians, head and neck surgeons, medical and radiation oncologists, and general surgeons, who are interested in head and neck cancer therapy and diagnosis.
- Allied health professionals, including physician assistants, nurses, nurse practitioners and radiology technologists with an interest in head and neck cancer and imaging.
- Physicians-in-training, residents and fellows pursuing careers in radiology, otolaryngology, and treatment of head and neck cancer.
Educational Objectives

Attendees should, at the completion of this meeting, be able to:

• Identify the anatomy of temporal bone, skull base, suprahypoid neck, and infrathyroid neck.
• Describe the lymphatic drainage and patterns of head and neck metastases.
• Review the anatomy of cranial nerves and clinical presentation of various pathologies affecting cranial nerves.
• Identify the imaging features and clinical significance of perineural tumor spread.
• Describe the common infectious and inflammatory processes that involve the sinonasal region.
• Apply imaging techniques to address CSF leak and understand the surgeons’ perspective with regard to minimally invasive CSF leak repair.
• Discuss the various image-guided head and neck biopsy techniques.
• Describe the clinical applications of and indications for perfusion and diffusion imaging of head and neck tumors.
• Determine the best imaging technique for staging of head and neck cancer.
• Discuss the benefits and limitations of PET/CT imaging for head and neck cancer.
• Recognize imaging features of various developmental and odontogenic maxillofacial lesions.
• Evaluate emergent head and neck pathology.

No special educational preparation is required for this CME activity.

CALL FOR ABSTRACTS

CALL FOR ABSTRACTS for both Scientific Papers (oral) and Educational Exhibits (physical and electronic posters), including information, instructions and forms, are available on our website (www.ashnr.org). Deadline for submissions is Thursday, July 16, 2015.

Early Bird Temporal Bone Session
Wednesday, September 9, 2015
10:00 AM – 11:30 AM

Please join us for the Early Bird Temporal Bone Session (1.5 AMA PRA Category 1 Credit(s)™) which will be an opportunity for attendees to show each other interesting cases. Please bring your interesting anonymized cases without any patient identifiers on a USB drive between 9:00 AM - 9:45 AM and share with your colleagues and the experts. Please carefully select the number of images as each case will be limited to approximately 3-4 minutes, including discussion. Individuals will be allowed to show a maximum of two consecutive cases to allow as many attendees as possible to participate.

Special Note for the Disabled

Educational Symposia (ESI) and the American Society of Head & Neck Radiology wish to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids and services. If you need any auxiliary aids or services identified in the Americans with Disabilities Act, please contact ESI at (800) 338-5901 or (813) 806-1000.

Disclaimer

Educational Symposia (ESI) and the American Society of Head & Neck Radiology as planners and presenters of this meeting, and Professional Travel as the official travel agency for this meeting, claim no liability for the acts of any suppliers or the safety of any attendees while in transit to, from, or during, this event or any optional activities. The total amount of liability, if any, for the meeting organizers is limited to a refund of the registration fee, and Professional Travel’s responsibility is limited to that of an agent.

Naples Grande Beach Resort

ABOUT THE RESORT

A warm, effortless level of hospitality greets you at Naples Grande Beach Resort. This inviting beach property sets the standard for treating guests and families to endless activities, incredible nearby sights, and an unmatched level of service and attention.

The relaxed sophistication of the Naples Grande Beach Resort is reflected in poolside splendor complemented by luxurious services and features for refreshing and fun-filled Naples, Florida vacations.

Escape to three miles of powdery, white-sand beach. Stroll lazily along the sandy shore and take in the soothing breezes floating lightly off the stunning Gulf of Mexico.

Enjoy the fully-equipped Naples fitness center. The fitness center is accessible 24 hours a day as a convenience to guests with busy travel plans.

HOW TO GET THERE

Fly directly to Southwest Florida International Airport, located just 45-minutes north of Naples Grande Beach Resort. Daily non-stop flights are available for major national and international carriers.
