American Society of Head & Neck Radiology

Comprehensive Head and Neck Imaging: 50 Years of Progress

September 7 - 11, 2016
Hyatt Regency Washington on Capitol Hill
Washington, D.C.

29.25 AMA PRA Category 1 Credit(s)™

Four sessions of the meeting program will be submitted for SAM qualification.

Hands-on US and US-Guided Biopsy Seminar
Saturday, September 10, 2016

Separate Registration Required
Registration is Limited to 20 Attendees Per Session.

Not accredited for AMA PRA Category 1 Credit(s)™

Call for Abstracts at www.ashnr.org • Deadline: May 15, 2016
From The Program Chair

On behalf of the American Society of Head and Neck Radiology, I want to personally invite you to Washington, D.C. for the next Annual Meeting of the ASHNR during September 7-11, 2016. This meeting, entitled “Comprehensive Head and Neck Imaging: 50 Years of Progress”, will celebrate the 50th anniversary of our society. Over 70 head and neck imaging experts will comprehensively review all major aspects of our discipline. This year’s meeting will introduce you to numerous established stars in the field, as well as up-and-coming leaders who will guide the future of this complex specialty. These experienced educators will provide detailed, up-to-date, and clinically relevant lectures on head and neck anatomy and pathology. Several special presentations and events will celebrate the past 50 years of our society.

The meeting will begin with the Early Bird Temporal Bone Session on Wednesday morning, September 7. Wednesday afternoon programming will include special presentations on the “History of the ASHNR” and “The Early Days of Head and Neck Imaging”. Thursday, September 8 will open with The Daniel “Stormy” H. Johnson, Jr. Inaugural Lecture and a focused session on facial and mandibular trauma. Thursday will conclude with the popular “Head and Neck Imaging Game Show”. Friday, September 9 will be primarily devoted to comprehensive imaging and management of head and neck cancer. A special session on advanced CT and MR imaging will be offered in the afternoon. The schedule on Saturday, September 10 starts with a session on evaluation of patients with cervical and cranial nerve abnormalities. Back by popular demand on Saturday afternoon is a special unaccredited “Hands-on Ultrasound Workshop”, where attendees can practice US-guided needle biopsy using phantoms. Sunday, September 11 includes sessions on imaging of the mandible and maxilla, as well as pediatric H&N diseases.

There will be over 29 hours of AMA PRA Category 1 Credit(s)™ available to you. Four sessions of the meeting program (approximately 8 hours) will be submitted for SAM qualification.

Washington, D.C. is known for its wonderful museums, beautiful sights, historical buildings, elegant dining, marvelous shopping, and modern transportation. The Hyatt Regency Washington on Capitol Hill is a luxury hotel and a favorite of visiting dignitaries. It offers upscale guest rooms, modern amenities, full-service spa, complimentary exercise facilities, and exquisite dining. The hotel is located within walking distance of the National Mall, Smithsonian Museums, U.S. Capitol, White House, and numerous other historical sites. The ASHNR Gala will be held in the beautiful Kogod Courtyard within the National Portrait Gallery on Saturday, September 10. It is my honor as program chair to invite you to attend the historic ASHNR 50th Anniversary Annual Meeting.

Lindell R. Gentry, MD, FACR
President-Elect and Program Chair
American Society of Head & Neck Radiology

Accreditation

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Educational Symposia and the American Society of Head & Neck Radiology. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 29.25 AMA PRA Category 1 Credit(s)™, including 1.5 AMA PRA Category 1 Credit(s)™ for the Early Bird Temporal Bone Session. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Self-Assessment Modules (SAMs): Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

Technologists: This program has been submitted to the ASRT. The number of Category A CE credits will be available approximately 30 days prior to the meeting. Please visit ashnr.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Target Audience

- General radiologists seeking to improve their understanding and skills in head and neck imaging.
- Radiologists with an interest in head and neck imaging who wish to increase their knowledge of imaging and treatment of head and neck pathology.
- Dental and oral-maxillofacial practitioners with an interest in pathology and imaging of the jaws and adjacent soft tissues.
- Non-radiologists, including ENT physicians, head and neck surgeons, medical and radiation oncologists, and general surgeons, who are interested in head and neck cancer therapy and diagnosis.
- Allied health professionals, including physician assistants, nurses, nurse practitioners and radiology technologists with an interest in head and neck cancer and imaging.
- Physicians-in-training, residents and fellows pursuing careers in radiology, otolaryngology, and treatment of head and neck cancer.
Educational Objectives

Attendees should, at the completion of this meeting, be able to:

- Identify the anatomy of the temporal bone, orbit, face, skull base, and neck.
- Describe the normal lymphatic drainage of the neck and patterns of head and neck lymphatic cancer spread.
- Review the anatomy of cranial nerves and the clinical presentation of various pathologies affecting cranial nerves.
- Identify the imaging features and clinical significance of perineural tumor spread.
- Describe the common infectious and inflammatory processes that involve the orbit, neck, temporal bone, and sinonasal region.
- Diagnose the common traumatic lesions that affect the orbit, temporal bone, face, and mandible as well as frequent trauma-related complications.
- Discuss the various image-guided head and neck biopsy techniques.
- Describe the indications and clinical applications for perfusion and diffusion imaging of head and neck tumors.
- Determine the best imaging technique for staging of head and neck cancer.
- Discuss the benefits and limitations of PET/CT imaging for head and neck cancer.
- Recognize imaging features of various developmental lesions of the face, orbit, temporal bone, and neck.
- Evaluate emergent head and neck pathology.

No special educational preparation is required for this CME activity.

CALL FOR ABSTRACTS

CALL FOR ABSTRACTS for both Scientific Papers (oral) and Educational Exhibits (physical and electronic posters), including information, instructions and forms, are available on our website www.ashnr.org. Deadline for submissions is Sunday, May 15, 2016.

Special Note for the Disabled

Educational Symposia (ESI) and the American Society of Head & Neck Radiology wish to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids and services. If you need any auxiliary aids or services identified in the Americans with Disabilities Act, please contact ESI at (800) 338-5901 or (813) 806-1000.

Disclaimer

Educational Symposia (ESI) and the American Society of Head & Neck Radiology as planners and presenters of this meeting claim no liability for the acts of any suppliers or the safety of any attendees while in transit to, from, or during, this event or any optional activities. The total amount of liability, if any, for the meeting organizers is limited to a refund of the registration fee.
### Wednesday, September 7, 2016

#### 9:00 AM
Registration Opens

#### 10:00 – 11:30  
**Early Bird Temporal Bone Session**

*Moderators: Hugh D. Curtin, MD, John L. Go, MD and John (Jack) I. Lane, MD*

Please bring your interesting cases on USB drive between 9:00am - 9:45am and share with your colleagues and the experts.

#### 11:30 – 12:00 PM
Lunch on Your Own

11:30 – 12:00
Welcoming Remarks
Lindell R. Gentry, MD, FACR

12:00 – 1:30
Session 1  
**Neck Anatomy and Pathology**

*Moderators: Lev Bangiyev, DO, DABR and Lawrence N. Tanenbaum, MD, FACR*

#### 6:00
Opening Reception
### Thursday, September 8, 2016

**6:45 – 7:15 AM**  
**Breakfast and Learn How-To Session ♦**  
*Sponsored by Philips Healthcare*

### Session 3  
**Facial, Skull Base, and Mandibular Trauma**

**Moderators:** Peter H.B. McCreight, MD, FACR, and Hillary R. Kelly, MD

- **7:30 – 8:00**  
  Daniel “Stormy” H. Johnson, Jr.  
  *Inaugural Lecture: Facial Trauma*  
  Sara R. Nace, MD

- **8:00 – 8:25**  
  *Mandibular and TMJ Trauma*  
  Felix E. Diehn, MD

- **8:25 – 8:50**  
  *Skull Base Trauma - CSF Leaks*  
  Kristen Lloyd Baugnon, MD

- **8:50 – 9:30**  
  *Management of Mandibulofacial Trauma*  
  Paul Manson, MD

- **9:30 – 9:55**  
  *Refreshment Break and Visit Exhibitors*

### Session 4  
**SAM Session I - Orbit ♦**

**Moderators:** Mahmood F. Mafee, MD, FACP and Ali R. Sepahdari, MD

- **9:55 – 10:20**  
  *Orbital Anatomy*  
  Mary Elizabeth Cunnane, MD

- **10:20 – 10:45**  
  *Evaluation of the Patient with Visual Loss*  
  Tabassum A. Kennedy, MD

- **10:45 – 11:10**  
  *Ocular Abnormalities*  
  Bernadette L. Koch, MD

- **11:10 – 11:35**  
  *Orbital Inflammatory Disease*  
  Gregory Avey, MD

- **11:35 – 12:00 PM**  
  *Extraocular Orbital Neoplasms*  
  H. Christian Davidson, MD

- **12:00 – 1:00**  
  *Lunch and Learn How-To Session ♦*

### Session 5  
**Temporal Bone**

**Moderators:** Girish M. Fatterpekar, MBBS, DNB, MD, and Steven M. Weindling, MD

- **1:00 – 1:25**  
  *Temporal Bone Anatomy*  
  Timothy L. Larson, MD

- **1:25 – 1:50**  
  *Temporal Bone Trauma*  
  Gul Moonis, MD

- **1:50 – 2:15**  
  *Temporal Bone Inflammatory Disease*  
  Joel D. Swartz, MD

- **2:15 – 2:40**  
  *Sensorineural Hearing Loss*  
  Karen L. Salzman, MD

- **2:40 – 3:05**  
  *Conductive Hearing Loss*  
  Julian Park Nam Goh, MBBS

- **3:05 – 3:30**  
  *Congenital Anomalies of the Temporal Bone*  
  Caroline D. Robson, MB, ChB

- **3:30 – 3:55**  
  *Refreshment Break and Visit Exhibitors*

### Session 6  
**Vascular Abnormalities**

**Moderators:** Anton N. Hasso, MD, FACR and Osamu Sakai, MD, PhD

- **3:55 – 4:20**  
  *Vascular Lesion of the Orbit and Face*  
  William P. Dillon, MD

- **4:20 – 4:45**  
  *Interventional Treatment of Vascular H&N Lesions*  
  Michele H. Johnson, MD

### Session 7  
**Game Show**

- **4:45 – 6:15**  
  *Head and Neck Imaging Game Show*  
  Philip R. Chapman, MD, Roy A. Holliday, MD and Richard H. Wiggins, III, MD, CIIP, FSIIIM

- **6:15**  
  *End of Session*
**Friday, September 9, 2016**

**6:45 – 7:15 AM**  
*Breakfast and Learn How-To Session*  
*Sponsored by Siemens Healthcare*
