47th Annual Meeting
American Society of HEAD & NECK RADIOLOGY
Head and Neck in the Heartland

September 25 – 29, 2013
The Pfister Hotel • Milwaukee, Wisconsin

28.50 AMA PRA Category 1 Credit(s)™

Call for Abstracts at www.ashnr.org
Deadline: July 26, 2013
From The Program Chair

On behalf of the ASHNR and the great state of Wisconsin, I welcome you to our 47th Annual Meeting, “Head and Neck in the Heartland”, I am honored to serve the Society as this year’s Program Chair and I am particularly excited about hosting the meeting in my city, Milwaukee. The ASHNR annual meeting is THE premier event in head and neck imaging. As in years past, the program will cover the spectrum of head and neck anatomy and pathology. This year’s invited faculty and moderators comprise a group of household names, familiar faces, and some fresh young talent!

During the five day course, you will hear outstanding lectures covering anatomy and pathology of the neck, skull base and temporal bones, sinonasal cavities and orbits. The meeting will kick off Wednesday morning with the popular “Early Bird Temporal Bone” session. To help everyone meet the recertification requirements of the ABR, 3 SAM sessions will be offered. Most of Saturday will be focused on a variety of topics related to head and neck cancer. Special “How I Do It” and “Case-Based Approach” sessions will be sprinkled throughout the program. Of course, no ASHNR meeting would be complete without a game show! Thanks to the contributions of our membership to the Core Curriculum Fund, a Hanafee Research Grant was awarded at the 2012 annual meeting and that recipient will present on the progress of their work. Hopefully, you will be inspired to make a contribution to the CCF while you are at the meeting! This year we will have a charity event to benefit FRAXA, the Fragile X Syndrome Research Foundation. Details about the benefit will be highlighted on the opening day of the meeting, but for now, let me just say, bring your $1 bills! You can learn more about Fragile X Syndrome and the foundation at www.fraxa.org. Milwaukee is the home of Harley-Davidson® and our gala event on Saturday night will be held at the Harley-Davidson Museum®. Everyone is encouraged to dress in motorcycle attire. The Milwaukee weather in September is perfect for black leather!

Now, I realize many of you have probably never visited Milwaukee. If you think we are only about beer, brats, and cheese – you are mistaken. Milwaukee is a vibrant and beautiful city set on the shores of Lake Michigan. Autumn is my favorite season in Wisconsin and with any luck, the meeting will coincide with the peak of the fall colors. Skies are typically blue and temperatures in the low- to mid-70’s. The historic Pfister Hotel is magnificent. It hosts the largest Victorian art collection of any hotel in the United States, an award-winning spa, and a beautiful top floor bar with gorgeous views of the city and lakefront. The hotel is located within walking distance of the Milwaukee Art Museum, the Betty Brinn Children’s Museum, the Discovery World Museum, and many shops and restaurants. The Pfister is also just a short walk from the Historic Third Ward district, with its Public Market, charming cafes, and many boutiques for those wanting a little retail therapy. Just a short cab ride away from the hotel you will find the Milwaukee Public Museum with its IMAX theatre and our fantastic zoo. There will be free time on Friday afternoon to explore all that our city has to offer. Milwaukee is a very friendly destination, so bring the family!

I am very proud of the ASHNR and the Society is truly my second family. The annual meeting is my big family reunion. Any of you who have attended a previous meeting know what I mean. Our society is strong, continues to grow, and attracts amazing young talent. I invite you to experience Milwaukee, learn some head and neck imaging from the experts, and become a part of our extended family!

Michelle A. Michel, MD
President-Elect and Program Chair
American Society of Head and Neck Radiology

Accreditation

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Educational Symposia and the American Society of Head & Neck Radiology. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 28.50 AMA PRA Category 1 Credit(s)™, including 1.25 AMA PRA Category 1 Credit(s)™ for the Early Bird Temporal Bone Session. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Certain sessions of the meeting program will be submitted to the ABR for SAM qualification. The number of SAM credits will be available approximately 21 days prior to the meeting.

Technologists: This program has been submitted to the ASRT. The number of Category A CE credits will be available approximately 30 days prior to the meeting. Please visit www.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Target Audience

- General radiologists seeking to improve their understanding and skills in head and neck imaging.
- Radiologists with neuroradiology training or an interest in head and neck imaging who wish to increase their knowledge of imaging and treatment of head and neck pathology.
- Dental and oral-maxillofacial practitioners with an interest in pathology and imaging of the jaws and adjacent soft tissues.
- Non radiologists, including ENT physicians, head and neck surgeons, medical and radiation oncologists, or general surgeons, who are interested in head and neck cancer therapy and diagnosis.
- Allied health professionals, including physician assistants, nurses, nurse practitioners and radiology technologists with an interest in head and neck cancer or head and neck imaging.
- Physicians in training, residents and fellows pursuing careers in radiology, otolaryngology, and treatment of head and neck cancer.
Educational Objectives
Attendees should, at the completion of this meeting, be able to:

• Understand the spatial relationship of the fascial compartments of the neck and typical differential diagnostic considerations for lesions of each space.
• Describe nodal classification and lymphatic drainage pathways for head and neck malignancy, and its imaging appearance.
• Understand the normal anatomy and anatomic relationships of the anterior, middle, and posterior skull base as well as the cranial nerves.
• Review the normal anatomy of the temporal bone.
• Be familiar with infectious and inflammatory processes, neoplastic disease, and the post-operative appearance of the temporal bone.
• Determine the optimal imaging techniques for imaging the head and neck utilizing CT, MRI, and PET/CT.
• Review the normal anatomy of the globe and orbital contents and recognize the imaging features of commonly encountered pediatric and adult orbital lesions.
• Become familiar with the appearance of bone lesions on panoramic radiographs and cone-beam CT, and the appearance of oral cavity soft tissue lesions on conventional CT & MR images.
• Understand the anatomy, pathology, and imaging strategies for evaluating patients with thyroid nodules, hyperparathyroidism, and disease of the salivary and lacrimal glands.
• Underst and the evaluation of a patient with a new neck node and the importance of Human Papilloma Virus as a risk factor in the development of mucosal malignancies in the head and neck.
• Appreciate the significance of perineural tumor spread, and improve recognition of this entity on cross-sectional imaging studies.
• Understand the surgeon's role in head and neck cancer including current techniques such as trans-oral laser-assisted techniques.
• Recognize the imaging features of lymphoproliferative disease in various subsites in the head and neck.
• Become familiar with the current role of medical oncology in the treatment of head and neck cancer.
• Increase confidence in interpretation of the post-treatment neck examination including recognizing recurrent disease.
• Review the normal and variant anatomy of the sinonasal cavities, patterns of inflammatory disease and implications for endoscopic surgery.
• Recognize characteristic and distinguishing imaging features of sinonasal malignancy.
• Gain expertise in evaluating the patient with a CSF leak, hoarseness, or otalgia.
• Review the common etiologies of lesions presenting as a neck mass in a child and relevant embryology.

No special educational preparation is required for this CME activity.

Early Bird Temporal Bone Session
Wednesday, September 25, 2013
10:30 AM – 11:45 AM

Please join us for the Early Bird Temporal Bone Session (CME credits offered) which will be an opportunity for attendees to show each other interesting cases. Bring your interesting temporal bone cases on USB prior to the session from 9:45 - 10:15 and share with your colleagues and the experts. Please carefully select the number of images as each case will be limited to approximately 3-4 minutes including the discussion. Individuals will be allowed to show a maximum of two consecutive cases to allow as many colleagues as possible to participate.

CALL FOR ABSTRACTS
CALL FOR ABSTRACTS for both Scientific Papers (oral) and Educational Exhibits (posters), including information, instructions and forms, are available on our website (www.ashnr.org). Deadline for submissions is July 26, 2013.

Special Note for the Disabled
Educational Symposia (ESI) and the American Society of Head & Neck Radiology wish to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids and services. If you need any auxiliary aids or services identified in the Americans with Disabilities Act, please contact ESI at (800) 338-5901 or (813) 806-1000.

Disclaimer
Educational Symposia (ESI) and the American Society of Head & Neck Radiology as planners and presenters of this meeting, and Professional Travel as the official travel agency for this meeting, claim no liability for the acts of any suppliers or the safety of any attendees while in transit to, from, or during, this event or any optional activities. The total amount of liability, if any, for the meeting organizers is limited to a refund of the registration fee, and Professional Travel’s responsibility is limited to that of an agent.
Meeting Program

Tuesday, September 24, 2013
4:00 - 6:00 pm  Registration Opens

Wednesday, September 25, 2013
9:00 am  Registration Opens

10:30 - 11:45  Early Bird Temporal Bone Session
Moderators: H. Ric Harnsberger, MD, Patricia A. Hudgins, MD, FACR and Caroline D. Robson, MB, ChB
Please bring your interesting cases on USB drive between 9:45 - 10:15 and share with your colleagues and the experts.

11:45 - 12:45  Lunch on your own
12:45  Welcoming Remarks
Michelle A. Michel, MD

Session 1 - Let’s Warm Things Up: Refresher on Neck Anatomy
Moderators: H. Ric Harnsberger, MD and Karen L. Salzman, MD
1:00  SHN Anatomy I – Parapharyngeal, Masticator, & Parotid Spaces
Bronwyn E. Hamilton, MD
1:30  SHN Anatomy II: Spaces that Cross the Hyoid Divide – Carotid, Retropharyngeal, and Perivertebral Spaces
Karen L. Salzman, MD
2:00  SHN Anatomy III: Oral Cavity and Oropharynx
H. Christian Davidson, MD
2:30  The Larynx-Visceral Space Dynamic: An Anatomic Review of the IHN
H. Ric Harnsberger, MD
3:00  Question & Answer Session

3:10 - 3:30  Coffee Break and Visit Exhibitors

Session 2 - Anatomic Basis of Disease Spread
Moderators: Deborah L. Reede, MD and Wendy R.K. Smoker, MS, MD, FACR
3:30  Nasopharynx and Central Skull Base
Nancy J. Fischbein, MD
4:00  Anatomy and Pathology of the Posterior Skull Base
Wendy R.K. Smoker, MS, MD, FACR
4:30  The Cervical Lymph Nodes
Peter M. Som, MD, FACR
5:00  Pathways of Spread in the Neck
Deborah L. Reede, MD
5:30  2012 William N. Hanafee, MD Research Seed Grant Award Presentation
Moderator: Anthony A. Mancuso, MD
Perfusion CT, IL-8, and GRO-a: Biomarkers for Head and Neck Squamous Cell Carcinoma
Pei Wang MD
2013 Hanafee Award Recipient(s)
5:50 - 6:00  Case of the Day Review
Karen Moeller, MD
6:30  Opening Reception
Exhibit Hall Imperial Ballroom

Thursday, September 26, 2013
7:00 am  Breakfast

Session 3 - SAM session*
The Better to Hear You With: Imaging of the Temporal Bone
Moderators: Hugh D. Curtin, MD and Katherine A. Shaffer, MD, FACR
7:30  Temporal Bone Anatomy: A Multiplanar Multimodality Approach
Joel D. Swartz, MD
8:00  Acute and Subacute Infection of the Temporal Bone
Caroline D. Robson, MB, ChB
8:30  Temporal Bone Region Tumors
Amy Fan-Yee Julian, MD
9:00  Case-Based Approach to the Temporal Bone
Hugh D. Curtin, MD
9:30  Question & Answer Session

9:40 - 10:00  Coffee Break and Visit Exhibitors

Session 4 - Scientific Paper Session I
Moderators: Girish M. Fatterpekar, MD and Roy A. Holliday, MD
10:00 - 11:30  Scientific Paper Presentations
(not accredited for AMA PRA Category 1 Credit(s)™)

Session 5 - Special Lecture by a Special Gal
Moderator: Michelle A. Michel, MD
11:30  How I Do It: Getting the Most Out of Those Outside Studies
Patricia A. Hudgins, MD, FACR

12:00 - 1:00  Gold Medal Award Luncheon Honoring 2013 Recipient
Patricia A. Hudgins, MD, FACR
The Rouge - Lobby Level

Session 6 - Modalities & Techniques
Moderators: Anton N. Hasso, MD, FACR and Ashok Srinivasan, MD
1:00  Evolution of CT in Head & Neck Cancer: Anatomy, Physiology, & Predicting Molecular Biomarkers
Suresh K. Mukherji, MD, FACR
1:30  1.5 vs. 3.0 Tesla Imaging in the Head & Neck: The Good, the Bad, and the Ugly
Claudia F.E. Kirch, MD
2:00  Advanced MR Imaging Techniques
Ashok Srinivasan, MD
2:30  The Many Roles of PET-CT in H&N Cancer
Ilona M. Schmalfuss, MD
3:00  Question and Answer Session

3:10 - 3:30  Coffee Break and Visit Exhibitors

Session 7 - The Better to See You With – Orbital Imaging
Moderators: Michele H. Johnson, MD and Karen A. Tong, MD
3:30  Anatomy Pearls of the Orbit and Globe
Jane L. Weissman, MD, FACR
4:00  Pediatric Orbital Lesions
Marcia Komlos Kukreja, MD
4:30  Case-Based Approach to Adult Orbital Lesions
Karen A. Tong, MD

Session 8 - Game Show
5:00  ASHNR College Bowl
Lawrence E. Ginsberg, MD, C. Douglas Phillips, MD, FACR,
Deborah R. Shatzkes, MD and Richard H. Wiggins, III, MD, CHP, FSIIIM
6:15 - 6:25  Case of the Day Review
Bruno Adum Policeni, MD
Friday, September 27, 2013
7:00 am  Breakfast

Session 9 - SAM Session* - Oral and Maxillofacial Imaging
Moderators: James J. Abrahams, MD and Lisa J. Koenig, BChD, DDS, MS

7:30  Panoramic & Cone-Beam CT Imaging of Jaw Lesions
Lisa J. Koenig, BChD, DDS, MS

8:00  Oral Cavity: Infection and Neoplasia
Kristine M. Mosier, DMD, PhD

8:30  Key Concepts in Facial Trauma
Barton F. Branstetter, IV, MD

9:00  Case-Based Approach to Jaw Lesions
Joel K. Cure, MD

9:30  Question and Answer

9:40 - 10:00 Coffee Break and Visit Exhibitors

Session 10 - Juicy Session: Imaging of the Glands
Moderators: Jenny K. Hoang, MBBS and Edward E. Kassel, MD, FACR

10:00  What to do with Incidental Thyroid Nodules:
Evidence-Based Recommendations
Jenny K. Hoang, MBBS

10:30  Imaging of Parathyroid Disease: Considerations for MIPS
C. Douglas Phillips, MD, FACR

11:00  Diffuse and Focal Salivary Disease
Deborah R. Shatzkes, MD

11:30  Lacrimal Apparatus: Review of Anatomy and Pathology
Tabassum A. Kennedy, MD

11:50  Case of the Day Review
Hillary R. Kelly, MD

12:00  Adjourn - Afternoon on Your Own

Saturday, September 28, 2013

7:00 am  Breakfast

Session 11 - Focus Session: Head and Neck Cancer Part I
Moderators: Ira F. Braun, MD, FACR and David R. DeLone, MD

7:30  Imaging Evaluation of the Patient with a New Neck Node
Lawrence E. Ginsberg, MD

8:00  Determining Resectability in Head & Neck Cancer:
How the Imager Helps the Surgeon
Yoshimi Anzai, MD, MPH

8:30  Minimally and Maximally Invasive Head and Neck Surgery:
How Imaging Affects Our Approach
Becky L. Massey, MD and Michael E. Stadler, MD

9:00  Head and Neck Tumor Conference: Lessons for the Radiologist
David R. DeLone, MD

9:30  Question and Answer Session

9:40 - 10:00 Coffee Break and Visit Exhibitors

Session 12 - Scientific Paper Session II
Moderators: Roberta W. Daley, MD and Charles J. Schatz, MD, FACR

10:00 - 11:30 Scientific Paper Presentations
(not accredited for AMA PRA Category 1 Credit(s)™)

Session 13 - Special Lecture by a Special Guy
Moderator: Michelle A. Michel, MD

11:30  “Get a Load of THIS Case” – The Sequel
Philip R. Chapman, MD

12:00 - 1:00 Lunch on Your Own

Session 14 - Focus Session - Head and Neck Cancer Part II
Moderators: William P. Dillon, MD and Anthony A. Mancuso, MD

1:00  Lymphoproliferative Disease in the Head & Neck
John L. Go, MD

1:30  Implications from Molecular Carcinogenesis of Head & Neck Cancer:
Who Gets Chemo and Why
Smart J. Wong, MD

2:00  Pathways of Perineural Spread
Rohan Khan, MD

2:30  Case-Based Approach to Head & Neck Cancer
Daniel W. Williams, III, MD

3:00  Question and Answer Session

3:10 - 3:30 Coffee Break and Visit Exhibitors

Session 15 - The Case Everyone Hates to Read
Moderators: Ashley Hawk Aiken, MD and Richard H. Wiggins, III, MD, CHP, FSIIM

3:30  Postoperative Neck
Robert E. Menules, MD

4:00  Imaging of the Temporomandibular Joint
Ashley Hawk Aiken, MD

4:30  How I Do It: Evaluating the Postoperative Temporal Bone
Richard H. Wiggins, III, MD, CHP, FSIIM

Session 16 – Winners and Awards

5:00  Case of the Day Winners
Ashley Hawk Aiken, MD
(not accredited for AMA PRA Category 1 Credit(s)™)

5:10  Oral Presentation and Poster Awards
Caroline D. Robson, MB, ChB
(not accredited for AMA PRA Category 1 Credit(s)™)

5:15 - 5:45 Annual ASHNR Business Meeting
(not accredited for AMA PRA Category 1 Credit(s)™)

7:00  Gala at the Harley-Davidson Museum*
(Buses begin departing at 6:30pm from Jefferson Street)

Sunday, September 29, 2013

7:30 am  Breakfast

Session 17 - SAM Session* - Sinonasal Imaging
Moderators: Rebecca S. Cornelius, MD, FACR and Laurie A. Loevner, MD

8:00  Anatomy of the Nasal Cavity, Paranasal Sinuses, and Anterior
Skull Base
Gregory Avey, MD

8:30  Imaging of Sinonasal Inflammatory Disease:
What’s Important and What’S NOT
Rebecca S. Cornelius, MD

9:00  Imaging Sinonasal Neoplasia: What the Clinician Needs to Know
Laurie A. Loevner, MD

9:30  Question and Answer Session

9:40 - 10:00 Coffee Break and Visit Exhibitors

Session 18 - Symptom-Based Imaging
Moderators: Michelle A. Michel, MD and Lindell R. Gentry, MD

8:00  Evaluation of the Patient with a CSF Leak
Kristen Lloyd Baugnon, MD

8:30  Imaging of Sinonasal Inflammatory Disease:
What’s Important and What’S NOT
Rebecca S. Cornelius, MD

9:00  Imaging Sinonasal Neoplasia: What the Clinician Needs to Know
Laurie A. Loevner, MD

9:30  Question and Answer Session

9:40 - 10:00 Coffee Break and Visit Exhibitors

Session 19 - Closing Remarks
Moderators: Michelle A. Michel, MD and Lindell R. Gentry, MD

10:00  Evaluation of the Patient with a CSF Leak
Kristen Lloyd Baugnon, MD

10:30  Evaluation of the Child with a Lump in the Neck
Bernadette L. Koch, MD

11:00  Evaluation of the Patient with Hoarseness
Hilda E. Stambuk, MD

11:30  Evaluation of the Patient with Otalgia
Lindell R. Gentry, MD

12:00 - 12:15 Closing Remarks

* These SAM sessions will be submitted to the ABR for approval and are subject to change.

Faculty & topics subject to change.

be no refunds given for cancellations. Please email notice of cancellation to: lsessa@edusymp.com or fax to 800-344-0668.

Cancellations

Request for refund of registration fees, less a $75.00 administrative fee, will be made to those providing written notification of cancellation by August 27, 2013. After that date, there will be no refunds given for cancellations. Please email notice of cancellation to: lsessa@edusymp.com or fax to 800-344-0668.

Accommodations

Renovated in 2008, The Pfister® Hotel in Milwaukee has received accolades as being the best of downtown Milwaukee hotels since it opened. It features 307 lavishly appointed non-smoking guest rooms and suites that perfectly combine Old World charm and contemporary luxury. Enjoy polished wood furnishings, outstanding views of the city and Lake Michigan, and amenities that seem to anticipate your every need. Conveniences include voice mail, feather bed toppers and blankets, LCD flat panel TV, iPod/MP3 compatible radio/alarm, cordless phones, deluxe WELL Spa toiletries, bathrooms with hair dryer and telephone, laptop sized in-room safes, iron and ironing board, 24-hour movies, and wireless high-speed Internet access (additional fee).

Make your reservation as soon as possible as our room block may sell out prior to the cut-off date of August 27, 2013. After this date, reservations will be accepted at the discretion of the hotel, on a space and rate available basis.

CALL FOR RESERVATIONS: (414) 935-5942 and identify yourself as a registrant of ASHNR to receive the special discounted group room rate, or

MAKE YOUR RESERVATION ONLINE AT: http://booking.ihotelier.com/istay/istay.jsp?groupID=831379&hotelID=73000

Reservations must be made before August 27, 2013. Please note that these rates do not reflect the current state and local taxes, currently 15.1%. Room rates may be available three (3) days prior and after meeting, subject to availability and confirmation by the hotel. There will be an additional charge of $20.00 for a third person sharing a double room. Children under 18 years of age may share the same room with parents at no additional charge. There is no charge for cribs and rollaways. Arrival time is 4pm; Check-out time is 12:00 noon. Deposits: First night's deposit plus tax or credit card guarantee at time of reservation. Full charge at time of Departure. Cancellation: All cancellations must be made prior to 48 hours scheduled arrival date/time to avoid a one night room charge. Any guest who fails to cancel a reservation prior to 48 hours is a “no show” and will be charged one night’s room plus tax. Early departure fee: $75 early departure fee unless hotel notified at check-in.
